

## Business English trainers in Stuttgart

We are a language training provider specializing in corporate language training programs throughout Germany, and for a new training program, we are looking for experienced Business English teachers in the Stuttgart area.

The training program will include both face-to-face and virtual-classroom training as well as an e-learning platform, so we welcome applications from trainers who have already got some experience in those two areas. However, since we also provide our own teacher training program, previous experience with virtual classrooms and/or blended-learning programs is not a must.

Please feel free to contact Ms Nicolina Steinbömer, our Director of Studies, any time for further information (you can call us on 0 69 – 133 088 89 or send an email to [nicolina.steinboemer@blc-training.de](mailto:nicolina.steinboemer@blc-training.de)). Moreover, you can also have a look at our website (<http://www.blc.training>) for additional information about our company.

We would be grateful if any trainers who are interested in working together with us could send us a c.v. or profile specifying their experience, references, and their hourly rate.
